## ***My Name is Erin, and My Mom's an Addict***

By Amy Voltaire

Raised by her grandparents when her mother chooses drugs over her daughter, Erin knows she isn't like other kids. Then her world is shaken a second time by her mother's reappearance.

Being a teenager is never easy, but just when Erin thinks she has her life on track, her mother shows up and warms her way back into Erin's life. Can an addict really ever kick the addiction? How many lives will be affected?

*This story is a realistic portrayal of the realities of life for children affected by drug addiction, and even though it is a work of fiction, this book will resonate with people who are going through a similar situation.*

- Literary Titan 5-star review

**Amy Voltaire** is a Distinguished Toastmaster (DTM) in Toastmasters International, and during her journey to become a DTM, she has written and given over sixty speeches, winning several speech contests in the process.
